

# Early employee experience reimagined

Most employers suffer from **early workplace churn** which is expensive in terms of **high recruitment cost** and disruption.

“The procedures used when hiring a new employee can give you an idea of how an organization operates...to determine how much you will like working with each employer”

Indeed Guide to choosing from **multiple job offers**

Each Person re-imagines the proposition to new starters by:

## Wow-factor

Give a combined package worth £400+ in the offer letter

## Engaging

Personalised digital comms before they start the role

## Smart

Reward only those who reach key milestones

Each Person transforms the employee experience through delivering incredible value early on through an exciting, vibrant journey right from the offer letter
